EXAMINER'S AMENDMENT/ Reasons for allowance

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE SPECIFICATION:

Page 2, lines 23, "- Patent Disclosure"" has been replaced by --", co-pending Application S/N 09/802,609, filed on 3/8/01--.

Reasons for allowance

2. The following is an examiner's statement of reasons for allowance: a synchronization method is disclosed. The closest prior art Ward US patent no. 6,754,170, discloses similar method. However, in combination with the other claimed limitations, Ward does not teach or fairly suggest the limitations, recited in claim 1, lines 6-15, claim 3, lines 6-16 and claim 4, lines 6-14, respectively. Such limitations, as recited in the claims, are neither anticipated nor rendered obvious by Ward.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawing

3. The print quality (handwriting) of the drawing submitted on 6/23/05 is poor. Therefore, another replacement sheet of fig. 3 is required. In order to avoid abandonment of the application, applicant must resubmit fig. 3.
